

Power Supply for Access Control Board

PS-6653B

General introduction

Bemade of superior components with international hi-tech;Quality guaranteed

Application

Be applied to building talkbacks and kinds of access controllers

Functions

Non-include batteries

With NC/NO output it can be used for all kinds of electric lockers.

It has time prolongation control circuit unlock duration adjusting but! on with time range 0-10s.

It is deployed with unlock but! on that can unlock directly.

It has auto protection fuse and power switch.

Optional built-in 12V 7AH rechargeable battery.

Adjustable output voltage at range 11-14V.

It gives stable voltage output, which provides stable work condition for electronic.

Dual +12V output

It has auto protection, built-in fuse.

But the outer batteries.

Specifications

Input Voltage	AC110-240V	Input Frequency	50Hz-60Hz
Output Voltage	DC9V-16V	Output Current	5A
Dimension	371 x 266 x 66mm	Weight	2.04kg

Dimensions(mm)

Carton Size

Packing: 10pcs/carton

Weight: 23KG
